ABOUT US

Smarthub Solution is a software services company specializing in high-end, cost-effective solutions for insurance carriers, managing general agents (MGAs), and brokers. They focus on InsurTech platforms, particularly Duck Creek, to enhance market potential and streamline operations. The company operates in North America and India, supported by a team of certified insurance product professionals.

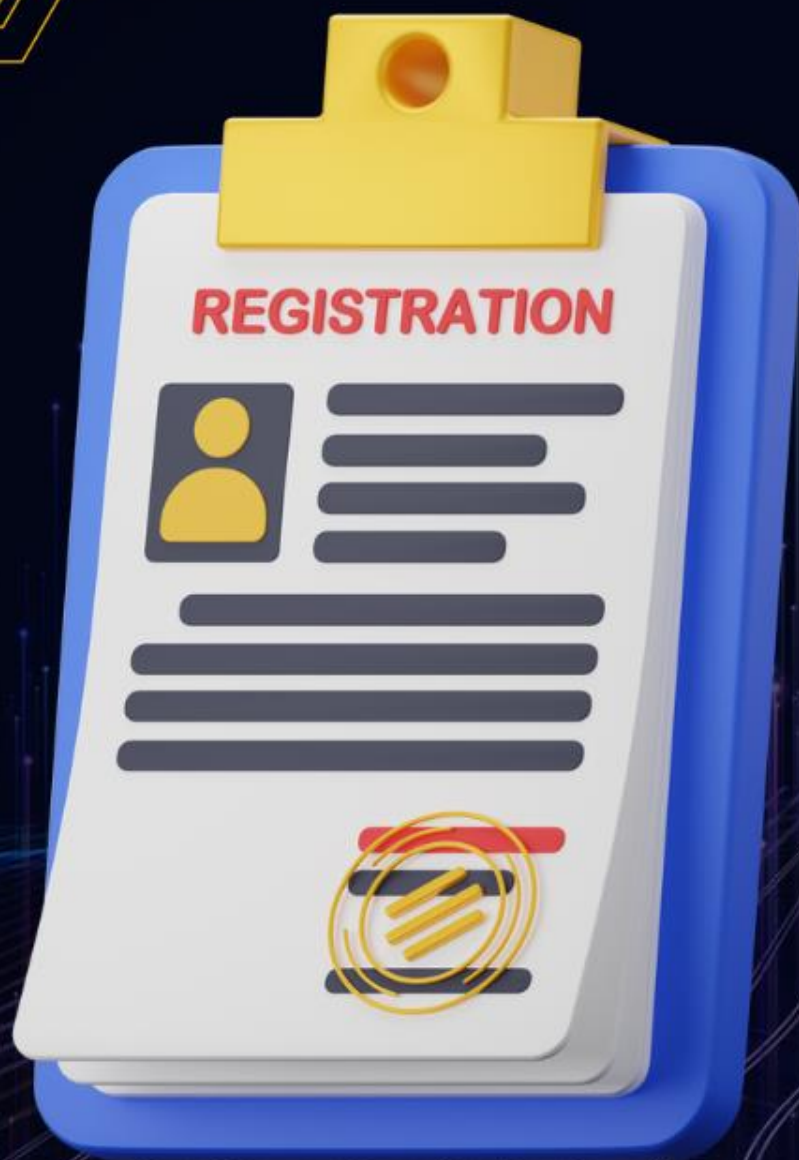

OUR MISSION AND VISION

Mission: To empower businesses by simplifying and securing their edge infrastructure, leveraging AI and automation to drive digital transformation, efficiency, security, and innovation.

Vision: To revolutionize the management of edge computing complexities, ensuring businesses benefit from robust, intelligent, and scalable solutions.
